there defects evidently due to haste or lack of care, as explained by the author in a note at the end of the volume. Much of the success attained is of course due to the excellent quality of the specimens as regards mounting, etc.—J. A. A.

**A Forgotten Volume.**—In looking through stores in New York where old books are sold, I lately came across a time-stained copy of the first volume of Audubon's 'Ornithological Biography' bearing on its title-page the following imprint:—Philadelphia: | Judah Dobson, Agent, 108 Chestnut Street; | and | H. H. Porter, Literary Rooms, 121 Chestnut Street. | MDCCCXXXII. A casual glance was sufficient to disclose that it was not the Edinburgh edition with the Philadelphia title-page (Philadelphia, E. L. Carey and A. Hart, MDCCCXXXII). Later, comparison with the Edinburgh has shown that the two are wholly distinct so far as typographical features are concerned. In the text there are slight verbal differences which tend to prove that this Philadelphia issue was printed before the one from abroad. I find no mention of this edition of volume one in the bibliographies I have access to. The attention of the Linnæan Society of New York was called to the matter and the book exhibited at a meeting in February. It has also been inspected by Mr. George N. Lawrence. To all, however, it was unknown. There is doubtless a story back of this volume, the recital of which cannot fail to be of interest to the curious bibliophile.—LEVERETT M. LOOMIS, *Chester, S. C.*
